

Tap into your endless source of drinking water

Hot, cold, chilled still and sparkling water – filtered and pure.

WELLQ

The WELLQ is the heart of the easydrink system. It comes in two variations to cater to the unique needs of your family:

- WELLQ-ACS - Ambient, Chilled, Sparkling
- WELLQ-CSH - Chilled, Sparkling, Hot

Ultra-Filtration

The UF Filter utilizes Hollow Fiber Technology - which filters impurities and bacteria but leaves the minerals in the water. The filter is inside the WELLQ and replacing it takes no longer than 10 seconds.

Taps

Discover the three streams of splendor: Colorado, Yukon, and Fraser. Choose between C-design, U-design and flexible tap for optimal functionality.

Specifications

easydrink WELLQ	WELLQ-ACS	WELLQ-CSH
Dispensing options	Ambient, Chilled, Sparkling	Chilled, Sparkling, Hot
Voltage	AC 220 - 240 V 50 / 60 Hz	
Power Consumption	Cold 100 W max.	Cold 100 W max. Hot 800 W max.
Temperature	Cold 10 °C below	Cold 10 °C below Hot 100 °C
Size (W x D x H)	23 x 35 x 47 cm	
Refrigerant	R600a / 20 g	
CO ₂ Pressure	4 bar max. / 60 psi max.	
Water Pressure	5 bar max. / 80 psi max.	
Chilling capacity	up to 20 liters per hour	
Sparkling tank capacity	3,5 liter	
Heating capacity	-	up to 12 liters per hour
Hot tank capacity	-	1,5 liter
